KITS

We have a wide range of good-looking, well-engineered, sliding door kits, handles and components. If we don't have what you need, our custom design team will make it.

Pictured is a Euro style complete vinyl patio door kit containing interior and exterior handle with installed keyed cylinder. It also includes other needed components, which can be configured in any combination:

Kits may include:

- a. Interior/exterior straight handle
- b. Mortise lock
- c. Lever latch
- d. Keeper
- e. Spacer
- f. Screw packs
- g. Bumpers
- h. Rollers available polybagged, boxed or both

HANDLES

Our handles are standard reversible surface mounted patio door handles for left or right-handed mortise-locking doors. Diecast lever operates with most mortise latches. Available in keyed and non-keyed handle sets in a durable powder coat finish of our five standard colors. Handles match standard mounting hole door configuration.

ROLLERS

These are patio sliding door rollers manufactured for metal, wood, and vinyl doors. Rollers have in-line single or tandem wheel designs with face-adjust or end-adjust housings. Adjustable height with minimum collapsed height at 1-9/32". Wheel and bearing materials are steel or Delrin/nylon, available in 1" to 1-1/2" diameter. Also available in stainless steel. AMA tested and certified.
